## Fountain Pens

Sold Only at the Rexall Drug Store

---

WE SHOW TWENTY-ONE MONOGRAM AND EIGHT BELMONT PENS. THERE IS A REASON FOR EACH PEN. STUDY THAT REASON AS GIVEN UNDER EACH PEN.

---

Make satisfied customers by selling pens best fitted to customers' style of writing and best suited for type of work they are to be used for.

REGULAR GOLD PENS come in fine, medium, and stub. Everlasting and Turned Up Gold Pens come in fine and medium points. Regular gold pens are made for general writing but are not to be used for carbon copy work.

FINE POINTS are used for light writing where small lines are desired. If used with heavy hand they are bound to scratch, as the fineness of the point causes the pen to cut into the paper.

MEDIUM POINTS are the most popular and fitted to most hands. They are smooth writers and usually give the best satisfaction.

STUB POINTS are used where a short stub pen is desired and makes a heavy line on the down stroke and a light line on the up stroke. They are also used for backhand writing.

EVERLASTING POINTS are stiff and heavy. They are used for making carbon copies, will write on rough or cheap paper and stand very hard usage. They are also very popular for general writing, having large ball points and are very smooth and easy writers. They are guaranteed to wear forever as no amount of writing can wear down the point. This style of pen cannot be used for shading.

TURNED UP POINTS are favorites among the most critical pen users. They may be held at any angle and still write smoothly. They should not be used by writers who bear down heavy while writing as this style pen is flexible, and is intended for light writers of the flourishing type who like to shade their work.

FIT THE PEN TO THE CUSTOMER AND NOT TO THE PRICE.

# The United Drug Co. has established a Monogram and Belmont Fountain Pen Service Station at Grand Haven, Mich., in order to render quick service on Repair Work

THE MONOGRAM SERVICE STATION, GRAND HAVEN, MICHIGAN, is maintained for the convenience of REXALL DEALERS. The Service Station will repair all makes of fountain pens (with the exception of Signet Pens or Pencils which should be sent to the Signet Service Station, Cambridge, Mass.).

54 Washburn St.

The prices charged for repairing pens other than those of our own manufacture, will be governed by

the manufacturer's regular repair price less 33 1/3% discount.

The following repair price list, less 33 1/3% discount, will give you the price charged for repairs on Monogram and Belmont Pens.

It is often cheaper to buy a new BELMONT Pen than to have an old one repaired, as the labor cost of handling single repairs is often greater than the cost of manufacturing BELMONT Pens.

PLEASE NOTE: When pens sent us for repair are in need of a general cleaning and adjusting in addition to repair work needed, we will thoroughly clean and adjust the pen if in our judgment it is advisable to do so for the good of the pen. For this service we will charge 25c (subject to 33 1/3% discount).

Should pens sent us need cleaning and adjusting only, our charge for this service is 50c less 33 1/3% discount.

There is a minimum handling charge on each pen sent in for repair of 25c net. This ruling, of course, does not apply to defective pens which are repaired no charge.

The Service Station is anxious to give the best possible service. To do so we must have your cooperation. With each and every pen sent in for repair, please write a note stating the trouble and what you want done and wrap said note around the pen. Empty

ink from barrel and pack pens securely. When a part is wanted such as a cap or barrel, send us the other part in order that we may properly fit the part wanted.

#### FREE SERVICE

Every Monogram and Belmont Pen is guaranteed to please the user and whenever the user is not satisfied and you will mail the pen to the Monogram Service Station, Grand Haven, Michigan, we will repair or exchange it for a new pen without charge **PROVIDING A LETTER ACCOMPANIES THE PEN STATING JUST WHY THE PEN DOES NOT GIVE SATISFACTION.** To avoid mistakes it is always best to wrap the letter around the pen to be repaired or exchanged.

A pen which is not satisfactory to the user is not always a defective pen. It may be the point is not adapted to the user's hand or style of writing. Therefore, it is absolutely necessary we have the information as to what the trouble is in order to guide us in making the exchange or adjustment.

In making this broad guarantee we do so knowing no stockholder will expect us to repair or replace any pen without charge which has been broken by being dropped or misused in other ways. We, therefore, ask that in all cases where you find it necessary to return to us pens for repair or exchange which are defective, you will please state that you wish same repaired or replaced **WITHOUT CHARGE** and we will be glad to be guided by your decision which we know will be made in all fairness.

When a pen becomes clogged or dirty due to neglect or on account of poor ink having been used in same, the pen will not give satisfaction until cleaned. This condition should not be considered a defect of the pen and it is customary for us to make the regular cleaning charge in cases of this kind. Customers rarely object to this charge if it is explained to them that the trouble with their pen is caused by their having used poor or dirty ink, but even this service will be given, no

charge, if necessary to satisfy your customer, and we have your instructions to make it, no charge.

The Service Station is not a profit bearer as far as cash returns are concerned and, therefore, we ask your co-operation in giving free service to your customers only when they are justified in receiving same or when it is necessary to satisfy an unreasonable customer.

Our Everlasting Gold Pens are guaranteed to last a lifetime as far as the user being able to wear them out by writing, **THEY ARE NOT GUARANTEED AGAINST ACCIDENTS SUCH AS DROPPING, ETC.**

The Monogram Service Station will relabel, clean, and polish your stock of Monogram and Belmont Pens without charge at any time you deem it advisable.

Where Monogram or Belmont Pens have become discolored or unsalable from age, we will supply new holders with nickel clips and levers at 30c each net, for holders with gold filled clips and levers at 35c each net, for fancy holders—write for quotation. This is only part of the cost to us but we want all Monogram and Belmont Pens in salable shape and will gladly stand part of the cost of reconditioning. This proposition applies to Monogram and Belmont Pens only. If new holders are wanted for other pens, the regular repair charges will apply.

The Monogram Service Station is trying to give the best possible service without charge on defective pens or at a minimum charge where charges are justified. We realize that although we are trying our best to please, there are times when we may fail as from your own experience you probably know there is no Service Station that can please everyone at all times but in cases where you are dissatisfied or have any complaint to make, the Service Station will be only too glad to receive your criticisms or complaints and if we are at fault, we will gladly make any adjustment necessary to please you as this is the one aim we have in operating this station.
